

CSC420 – Progress Report¹

Make a copy of this progress report, then complete it. Submission instructions and a grading rubric are included below.

Your name: Garrett Clark

Date: March 11th, 2023

Progress Report

- **Accomplishments:** What did you accomplish since the last class meeting, the last progress report, or since you started the project? If you didn't complete anything since the last report, enter **N/A**.

I have fully finished the UI in my application (besides any upgrades or updates). The scraper also fully works the way I believe it should for both the shelters and the food panty page.

- **Future Goal:** What do you plan to accomplish before our report? These plans should be related to roadblocks or discussion points. If you plan to change direction, explain why.

Considering this is the final report I do not have anything to accomplish before the next report. In the future, I would like to change a few things. The application sometimes fails with an odd error. Additionally, the pantry parser cannot properly scrape the images for the bootstrap cards.

- **Challenges:** What are your current roadblocks?

Currently, my biggest roadblock is the weird error and the image issue.

- **Desired Discussion Points:** Do you have any desired discussion points that are not related to roadblocks?

It feels good to be almost completely done.

Submission to your Project github repository

1. Download the completed report as a PDF
2. Give your PDF a unique name, for example: **2023-02-21-progress-report.pdf**, obviously change the date as appropriate.
3. Add the PDF to your Project github repository, add it, commit it, and then push it by the due date listed in Moodle.

¹ This progress report is based on a Weekly Progress Report created by Dr. Nakazawa for CSC493

Rubric:

The following rubric will be used, but they might change as needed.

Accomplishments (3 points)

1 point for a general description of progress, 2 points for specifics on progress, 3 points for specifics AND referring to previous targets and explaining how currently accomplishments build on previous ones.

Challenges (3 points)

1 point for mentioning there are roadblocks, 2 points for specifics, 3 points for specifics AND what was done already to try to overcome them.

Desired discussion points (2 points)

1 point for at least one relevant discussion point as a general question, 2 points for relevant discussion points with specifics

Future Goals (2 points)

1 point for concrete future targets (i.e. "working more on the project" is a zero, but "working on getting component X to interface with component Y" suffices), 2 points for tying in the targets with what was hopefully discussed in the meeting.
